

2017 CPHA Foundation WCE Medal Final Specifications

Eligibility: Open to riders who have accrued at least ten (10) points in WCE Medal Jr/Am qualifying classes since the preceding final. Previous winners of the medal final are not eligible. All riders will compete in Rounds 1 and 2. The top 10 riders after the first two rounds will compete in Round 3.

Warm up Class: Open only to WCE Medal Final Riders who are qualified and entered in this year's final. These riders may ride multiple horses in the warm-up class, but only one (1) in the medal final. The warm up class will be judged as a 1.10m jumper class, Table IV, sec 1 (Optimum time). A second refusal will eliminate.

Judging: A minimum of two USEF licensed equitation judges, sitting apart, will be used for each round. Each class will be judged under the current rules and standards of the USEF equitation division with the exception that competitors will be eliminated upon the second refusal. Four (4) points will be deducted for each knockdown on course. Judges are asked to walk each course and where there are striding options the judges are asked not to penalize any option that might be used to achieve the best result appropriate to the individual horse/rider combination. The judges will evaluate the rider's ability as a show jumping rider, and the manner in which the course was ridden regarding technical merit, judgment, and the execution of an efficient, time saving pace and track in meeting the specific challenges incorporated into the course by the designer. The two judge's scores will be averaged and then the deductions (Time and Rails) will be taken from the total score. The scores will be announced after rounds 1 and 2 only.

The scores from Rounds 1 and 2 will be summed and carried into Round 3. Only the top ten (10) riders will compete in Round 3. The score from Round 3 will be added to their scores from rounds 1 and 2 to produce an overall score. There will be no further rounds or work offs after Round 3. The judges will sit together during round 3 and the scores will not be announced.

Time and Time Penalties:

Time allowed is an important factor in this class and it may only be changed by the course designer if he thinks a gross error was made in his original calculation. Additionally, the time allowed may only be adjusted once during the early rounds of a given competition, never later than after the third competitor to complete the course without a disobedience or if any of the first three take more than 45 seconds to cross the start line. During each round, one point (1) will be subtracted from the rider's score for every commenced-second taken over the time allowed. This deduction, if any, will be announced after each round where it occurs.

Horse & Equipment: Stallions are allowed per USEF jumper division rules. A jumper type horse with jumper equipment is allowed and will not be penalized. No draw reins or German martingales allowed. However, standing and running martingales are permitted.

Jog: At a designated time after the warm up and prior to round 1 all medal final exhibitors will be required to jog their horses for soundness in front of the show steward, TD and Veterinarian.

Format:

Round 1 will be judged under a modified power and speed format (Table II, sec 2(d), with no time allowed for the power phase and a 375 meters/min, **(350 meters/min if arena is less than 180'x300')**, time allowed for the speed phase. Horses will continue on to the speed phase regardless of knockdowns or a refusal.

Round 2 will be judged under Table II course that will include at least one double and one triple combination (or three doubles), as well as a liverpool, and a time allowed based on a time of 350 m/m.

Round 3 will be judged over a Table II, Sec.1 course (speed type course) with a time allowed based on a speed of 375 m/m. **(350 meters/min, if arena is less than 180'x300')**

There will be a short course walk prior to round 3.

Ties: Ties for any place in Rounds 1 and 2 will be broken by Judge 1's score. The third round will include the top 10 riders, if there is a tie for the 10th spot all tied riders will compete in Round 3. Ties for the overall placing, if any, will be broken by the time taken in round 3, with the faster time receiving the higher placing.

Courses: Courses throughout the final will consist of advanced equitation/jumper type fences 1.10m (3'7") in height, with spreads from 1.10m to 1.25m (3'7" to 4'1"). A plank may not be the top element of any obstacle. Natural fences, a Liverpool, and a small water jump may be included at the course designer's discretion.

Start Order: Round 1 will be drawn. Round 2 will be reverse order from Round 1. Round 3 will be low score to high score from the sum of the first two rounds.

Schooling Rules: USEF Jumper schooling rules will be followed for all phases of this final. Starting 30-minutes before each round, riders may not school for this class in any ring other than the designated warm-up.

Awards: After Rounds 1 and 2 riders will receive ribbons through 8th place. After Round 3 the top ten (10) riders overall will receive awards. Special awards for riders and their trainers will go to the highest placing rider from each age break (junior or amateur), if both juniors and amateurs place within the top ten (10) overall.

Substitutions: The same horse must be ridden through all phases of the competition. However, in the event of illness or injury of the horse, a rider may petition to ride a substitute horse. This substitution must be approved by a committee consisting of the show manager (or designated representative), the technical delegate, and the official veterinarian who has in fact examined the horse and determined its unsuitability to continue.

Special Condition: If a competitor or trainer wishes to discuss any part of the WCE Finals with a judge or the course designer, the technical delegate or a show steward must also be present.

Protests: A protest must be made in writing within one half hour of the class or the situation being protested and handed to one of the following: the technical delegate, a show steward, or the show manager. A committee, consisting of the technical delegate, a show steward, and a representative of show management, will be convened as soon as feasible to rule on the protest. This committee will be the sole arbiter of the protest and its decision will be final without further recourse of any kind.

RIDER/TRAINER MEETING: There will be a rider/trainer meeting with the technical delegate, the judges if available, and a designated management representative, during which questions may be asked about the parameters and expectations of the class. The draw will be held at this meeting. The time for the meeting will be listed on the schedule and posted in the horse show office.
