CPHA Style of Riding Jumper Class

Eligibility: The CPHA Style of Riding Jumper Class is open to all Jr/Am riders who are current members of the CPHA, and whose trainers are current members of the CPHA. At least 3 riders must complete the course.

Class Conditions: This class is a jumper seat equitation class held in the jumper ring over a course of fences set at 1.00m- 1.05m in height with spreads to 1.15m. The course must contain a triple or two double combinations and a Liverpool. If used in a combination the Liverpool may only be used in the first element. The course should be of the type used in a Children/Adult Jumper class. Time allowed will be calculated at 350 meters per minute.

A jumper type horse and conventional jumper equipment will not be penalized and standing and running martingales are permitted. Draw reins and German martingales are not permitted.

Any riders completing the first round without jumping and/or time faults and with a total judge's score of **70** or better will also complete a jump off/work off round.

Judging: The class will be judged under a modified Table II, 2b format with jumping and time faults being deducted from the riders equitation score (4 points deducted for each rail down and 1 point deducted for each time fault). At the completion of their first round the riders with clear rounds (no jumping or time faults) AND a total score of 70 or better will immediately continue on to the jump off/work off shortened course.

The jump off/work off will be scored in the same manner as the first round, with an emphasis placed on an efficient time saving track.

The judges will evaluate the rider's ability as a show jumping rider, and the manner in which the course was ridden regarding technical merit, judgment, and the execution of an efficient, time saving pace and track in meeting the specific challenges incorporated into the course by the designer. The open numerical scoring system will be used, with the judge's score announced after each round. The winner has the highest combined score after both rounds.

The remaining placings for the class, after the riders participating in the jump off round, will be determined solely by the judge's score, including the points off, but regardless of clear rounds.
